

QUEEN MARY'S SCHOOL
Northend

HIGHLIGHTS
FEBRUARY &
MARCH 2025

GOOD LUCK PARTY!

Queen Mary's school Northend wishes good luck to the batch of class XII in a splendid ceremony organized by the students of class XI on 4th February 2025. Laughter mingled with tears as memories were recounted, bonds celebrated, and promises made to stay connected.

INGENIOUS 2025

Ingenious 2025: Sports Meet

*Celebrating Excellence, Unity,
and the Five Elements of Life*

On February 24th, 2025, Queen Mary's School, Northend, Model Town, hosted Ingenious 2025 -The Sports Meet at the renowned Chhatrasal Stadium. This remarkable event brought together students, teachers, and parents in a vibrant celebration of athleticism, creativity, and teamwork. The event's theme, 'Panchtatva' — representing the Five Elements of Life: Prithvi (Earth), Jal (Water), Agni (Fire), Vayu (Air), and Akash (Space) — was creatively embodied throughout the performances, showcasing the diverse talents of the school's students.

The meet featured breathtaking performances, including Magnum Opus, Celeste Cosmos, Aquatis Vive, Resilience and Tenacity, Aethon Flamme, Spiritus Vitae, and Tzemach Jardin, each demonstrating the students' boundless creativity, energy, and passion. These displays of athletic prowess were not just a test of strength, speed, and endurance, but also a reflection of agility, unity, and collaboration — values deeply rooted in the Olympic motto for 2025: Citius, Altius, Fortius – Communiter (Faster, Higher, Stronger – Together).

The highlight of the day came as winners of various races and events were celebrated and honored with medals and certificates, greeted by thunderous applause from the audience. Their achievements were not just athletic but a true embodiment of the spirit of sportsmanship and excellence that the school fosters.

Another memorable moment was the release of the school's Annual Magazine, The Foundation 2023-24, which featured the school's literary and creative brilliance, adding an intellectual touch to the event. The school's motto, "By Love Serve One Another", echoed throughout the day, inspiring a sense of compassion, empathy, and selflessness among all those present.

The event culminated in a heartfelt vote of thanks, followed by the benediction and the National Anthem, leaving everyone with a sense of pride and togetherness. As the crowd departed the stadium, they carried with them cherished memories of a day filled with joy, excitement, and a deep sense of unity.

Ingenious 2025 was not only a showcase of athletic talent but also a reaffirmation of Queen Mary's School's commitment to fostering a culture of excellence, sportsmanship, and teamwork — values that will continue to inspire students for years to come.

Tzemach Jardin (Class 9 & 11)

Fun Races (Nursery to Class 4)

Relay Races (Class 5 to 11)

Felicitation Ceremony

THE INSPIRE- MANAK AWARDS

FUTURE INNOVATORS AT WORK!

INSPIRE awards are one of the most prestigious fellowships offered to school students by Govt. of India, Ministry of Science & Technology. The INSPIRE – MANAK (Million Minds Augmenting National Aspiration and Knowledge) is one of the flagship schemes of the Department of Science and Technology (DST), Govt. of India for nurturing ideas and innovations of school students and motivating them to pursue science and a career in research, jointly implemented by the Department of Science and Technology (DST) and the National Innovation Foundation (NIF) – India. It is an initiative to foster a culture of innovation and creative thinking amongst school students to address the societal need through Science and Technology by targeting one million original ideas/innovations rooted in science and societal applications.

The Ministry has selected and sanctioned only 248 project proposals this academic session. Our school had submitted two project proposals for the very prestigious awards in the field of science. I am extremely elated to share that both proposals submitted by our schools have been recognised and accepted by the Department of Science & Technology, Govt. of India and have been offered fellowships for the same.

MADHAVI SHARMA

The first innovative project proposal submitted by Madhavi Sharma of class X is based on the idea of trapping and repurposing waste heat generated by domestic resources like air conditioners, refrigerators, automobiles etc. and converting it into a usable form of energy as per the First Law of Thermodynamics.

The second project is a SMART AGROBOT. Agrobot is an advanced agricultural robot designed to revolutionize farming through precision agriculture. It automates tasks, reduces labor costs, increases efficiency, and promotes sustainable practices by making data-driven decisions. The project aims to increase crop yield, manage cost reduction, sustainability, and focuses on improved quality of life.

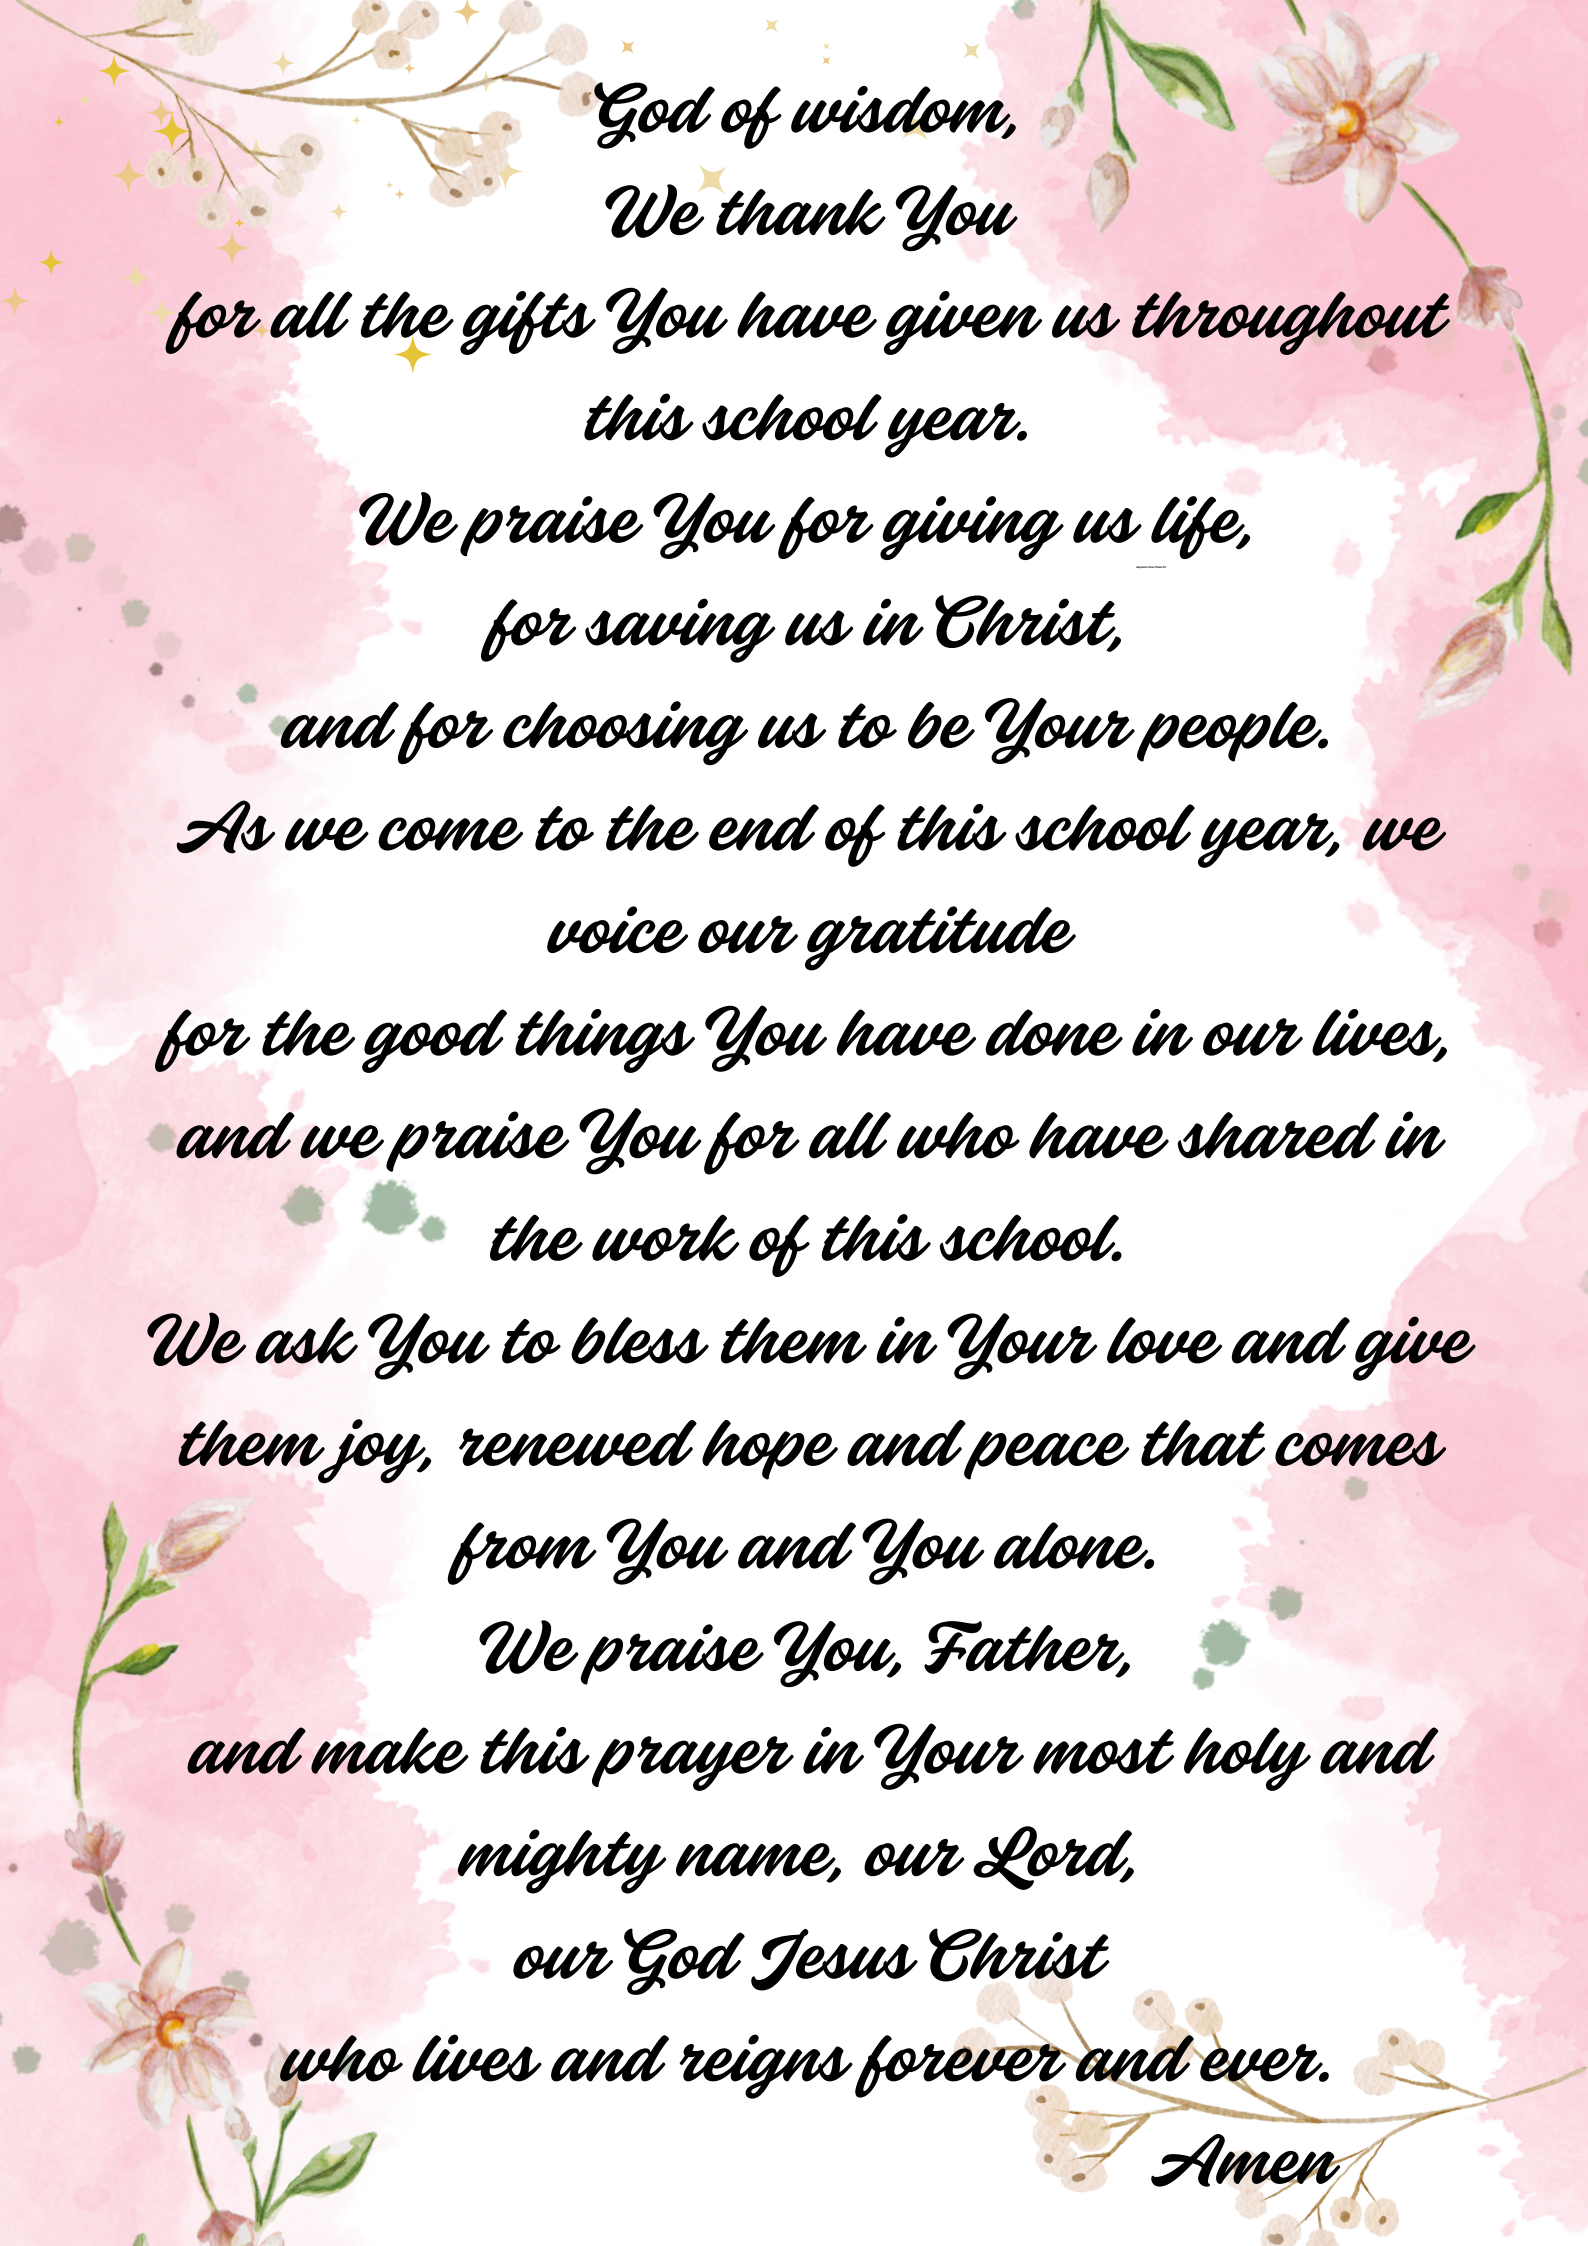

The brilliant ideas, being the need of the hour, have been appreciated by the Department of Science & Technology, Govt. of India through a fellowship of Rs. 10,000 each on 6th March, 2025, with an aim of encouraging budding scientists to continue working towards sustainability for the benefit of mankind.

DEVIKA GUPTA

NATIONAL SCIENCE DAY

Queen Mary's School Northend celebrated National Science Day on February 28, 2025, with the theme "Empowering Indian Youth for Global Leadership in Science & Innovation for Viksit Bharat." The event highlighted the crucial role of young minds in shaping India's scientific future, aligning with the vision of Viksit Bharat 2047. Commemorating the discovery of the Raman Effect by Sir C.V. Raman, students explored key advancements in science, including the National Quantum Mission (NQM) and Anusandhan National Research Foundation (ANRF). The celebration inspired innovation and scientific curiosity, fostering a spirit of inquiry among the youth.

*God of wisdom,
We thank You
for all the gifts You have given us throughout
this school year.*

*We praise You for giving us life,
for saving us in Christ,
and for choosing us to be Your people.*

*As we come to the end of this school year, we
voice our gratitude
for the good things You have done in our lives,
and we praise You for all who have shared in
the work of this school.*

*We ask You to bless them in Your love and give
them joy, renewed hope and peace that comes
from You and You alone.*

*We praise You, Father,
and make this prayer in Your most holy and
mighty name, our Lord,
our God Jesus Christ
who lives and reigns forever and ever.*

Amen
