MAY 2025

Dear Parents & Students

The month of May focuses on revisiting and strengthening the core concepts taught through engaging, hands-on activities, our little learners will revise key strands in literacy, numeracy, and general knowledge to ensure they are confident and ready for the next level. The month was all about reinforcement and reflection as we wrap up for our summer break.

On **Labour Day**, our little learners of kindergarten showed appreciation for helpers of our school by spreading joy and gratitude. This thoughtful gesture highlighted the importance and hard work of individuals, fostering **empathy** and **kindness** among students which brought smiles to their faces.
