

OCTOBER HIGHLIGHTS 2025

"Gracious God,

We thank You for the gift of our school — a place where we learn, grow, and build lasting friendships. As we celebrate our Foundation Day, we remember with gratitude the vision, dedication, and faith of those who laid its cornerstone.

Bless our teachers, students, and all who continue to uphold the values and spirit of our institution. May this month fill us with renewed purpose, unity, and a deep sense of belonging. Help us to carry forward the legacy of excellence, compassion, and service in all that we do."

Amen.

Foundation Day Celebration

Queen Mary's School, Northend, celebrated its 24th Foundation Day on October 10, 2025, with pride and gratitude. The celebration began with a prayer and hymn, followed by a captivating dance performance and heartfelt speeches by the School Head Girl and the Primary School Head Girl. The Pre-Primary students charmed through their performance "Rooted in Gratitude, Blessed by Grace," while the tableau "The Queen Mary's School, Northend Odyssey" beautifully showcased the school's remarkable journey. The event concluded with the School Song and the National Anthem, reflecting faith, unity and the school's enduring spirit of excellence.

CELEBRATING
Diwali
FESTIVAL OF LIGHT

Offering prayers for prosperity, happiness and peace for all.

The spirit of festivity and sustainability shone brightly as students and educators came together to celebrate Green Diwali. The Diya Decoration Activity filled the campus with creativity and warmth, as each diya symbolized light, hope, and responsibility towards the environment. The celebration beautifully blended tradition with eco-conscious values, reminding everyone that true joy lies in celebrating thoughtfully.

EDU FEST 2025

Edu Fest was organized at Queen Mary's School, Northend, on 30th October 2025.

The aim of the fest was to guide parents and students toward making informed career choices by bringing together representatives from 35 prestigious universities. The event provided an excellent platform for students of Classes IX to XII and their parents to explore diverse academic programs, understand admission criteria, and gain insights into future career opportunities.

Both students and parents interacted directly with university delegates to learn about courses, scholarships, campus life, and study abroad opportunities. The fair aimed to empower young learners to make well-informed decisions about their higher education pathways. The interactive sessions and personalized counseling proved immensely beneficial, making the event a great success.

"NURTURING INNOVATION, INSPIRING NATION-BUILDERS"

Viksit Bharat Buildathon 2025

Queen Mary's School, Northend participated in the Viksit Bharat Buildathon 2025, a nationwide innovation initiative organized by the Ministry of Education and the Atal Innovation Mission (AIM), NITI Aayog. The school successfully registered 20 teams comprising 100 students from Classes VI–XII, who presented innovative ideas and prototypes aligned with the national themes — Vocal for Local, Atmanirbhar Bharat, Swadeshi, and Samriddh Bharat. Through extensive mobilization, awareness campaigns, and mentorship, students actively engaged in transforming their ideas into practical solutions contributing to the vision of Viksit Bharat @2047.

The initiative fostered creativity, collaboration, and critical thinking among students as they developed technology-driven and sustainable innovations addressing real-world challenges. Under the guidance of the educators the teams submitted detailed project documentation and videos showcasing their work and its potential social impact. The projects reflect the commitment of the school towards nurturing young innovators dedicated to building a self-reliant and prosperous India.

Subject Expert Session for Class XII

A series of Subject Expert Sessions were organized for Class XII students to strengthen their preparation in Physics, Chemistry, Biology, and Economics. The sessions were conducted by distinguished educators — Mr. Chandrabhan Bhardwaj (Physics), Ms. Neena Krishna (Biology), and Mr. Yogesh Vijay (Economics) — who shared their vast experience and valuable insights to help students excel in their Board examinations.

The experts guided students through key concepts, effective study techniques, time and stress management strategies, and tips to score well in exams. Real-world examples, case studies, and discussions on CBSE sample papers made the sessions highly engaging and relevant.

The interactive and enriching session left students motivated and better prepared to approach their board exams with clarity and self-assurance.

"Fun, Frolic, and Friendship —
The Perfect Day at Mojoland!"

Students of Classes VI to XII enjoyed a fun-filled picnic to Mojoland, Sonipat, organized by the school. The day was packed with excitement as students enjoyed adventure rides, water activities, and the rain dance, creating joyful memories with friends and teachers. The picnic offered a refreshing break from academics and strengthened the bond among students, making it a truly delightful and memorable experience.

Memorable Mojoland Moments

BOOK WEEK

A Book Exhibition was organized in the school, showcasing a wide range of books across various genres. Students eagerly explored the collection, discovering new authors and stories. The exhibition aimed to nurture reading habits and promote a love for literature among young minds.

An Author's Meet was organized in the school, featuring renowned author Mr. Sarabjeet Garcha. Students interacted with him and gained valuable insights into the art of writing and poetry. His engaging session inspired young readers and writers to explore the power of words and creative expression.

A workshop was conducted by Pearl Academy on 16th October 2025 for Class 11 and 12 students. The resource person, Ms. Tanvi Dhingra, guided the students in designing a product box for an innovative product. The activity encouraged students to think creatively and develop their imagination. Students designed boxes with product names, descriptions, and instructions, focusing on making them colorful and clear. The workshop aimed to engage students in product design and foster their creativity.

The students took away valuable skills in product design, creativity, and innovative thinking, which will benefit them in their future endeavors.
